

CHALLENGE

People love **STORIES**.

They have the ability to move, empower, and literally change lives. They provide meaning, context, and a greater understanding -- allowing people to connect on a much deeper level.

So this is **THE STORY OF OGX** and how this life changing movement came to be.

WHAT IS A FENIX?

The original English word for the mystical bird that reincarnates by burning itself inside out into its perfect state or form every time it gets injured or old.

FENIX is an advanced meal replacement product by OGX containing a proprietary blend of 23 super-nutrients exclusively by ORGANO™. Like the mystical bird transforming into its perfect form, people can experience the powerful effects of revitalizing their body and building lean muscle - finding, fueling, and feeling what it's like to be a FENIX.

THE 3 SYMBOLS THAT MAKE THE LOGO

- means to cleanse

The symbol for life; a perfect circle; for oxygen; to represent every cell in your body that needs it, thrives for it, and demands your body to feel great in order to be successful.

Start the FENIX journey by cleansing your temple - give it a few days - be patient and your body will not only give thanks, it will worship you for the best decision you've ever made.

G

G

- means to transform

The symbol of an arrow to reset. No matter what you may think, the universe is a place we all must share and participate in, yet it has a divine but simple plan for you; to help you be your absolute very best.

It's time to get back to your roots - eat healthy, build lean muscle, and soon your FENIX will burn stronger.

Warning.

When your temple performs at optimal levels, people definitely take notice; confidence will illuminate and life will naturally become more beautiful to enjoy. People gravitate towards success and now you have the opportunity to a beacon many will desire.

- means to live

The symbol that represents you.

That's right. You are in fact at the center of your own life - so, the real question is, what are you going to do with it?

Waste it? Settle for mediocrity? Or define it to be the best version of you?

Have you noticed the trend?

90 days. 60 days. 8 week programs. It's all just hype.

X is no gimmicky start/stop program. X is about believing success in life has no expiration date - so why give it one?

X is for life and your life deserves success every single day. There you have it. OGX defined. Now go.

FIND your FENIX. FUEL your FENIX. And then FEEL your FENIX.

Experience the difference thousands are already talking about across the globe.
